

## **City of Wyoming Recreation Plan Amendment Public Comment Sought**

The public is invited to provide comment on the proposed amendment to the City of Wyoming Recreation Plan 2013-2017. The plan amendment is available for review at the offices of the Parks and Recreation Department, 1155 – 28<sup>th</sup> St. SW, and Wyoming Senior Center, 2380 DeHoop SW, or on the City of Wyoming Parks and Recreation Department Facebook page, <https://www.facebook.com/WyomingParksRec>, beginning Monday, May 4, 2015 through Thursday, May 21, 2015.

The plan amendment is to incorporate the new Ideal Park master plan adopted by the Wyoming City Council on February 16, 2015, which was necessary to address the significant loss of recreation facilities, trees and other natural features due to a tornado. The plan amendment is intended to make the City of Wyoming eligible for various local, state and federal grants, as well as guide improvements for our 690+ acre park system.
